## WORKSHOP OUTLINE

### GOALS-

Learn how to handle supplies and find out which tools best suit your needs.

*Begin to learn the properties of encaustic medium and tools*

Become proficient and confident in handling Encaustic medium and tools

Develop your Creativity - **Suitable for beginning to advanced artists**

## SUPPLY LIST:

While basic class needs are supplied you can individualize your experience by bringing in a few of your favorite things - \*note, we may not get to it all! :)

Stencils, rubber stamps with ink pad; quality laser printout or photocopy for image transfer; photo images or bits of lace or string that might be imbedded into the wax. Anything that might make an impression on the warm wax, anything that you might use as a stencil for patterns or shapes, letter punches, be creative! Also, for creative planning- a sketch book, pencil, scissors, ruler, masking tape, and eraser would be handy!

- **Must register and pay (at minimum) 2 weeks in advance.** Class fills up quickly!
- **Please note that I limit my class size so you receive valuable one on one time.**
- Please understand that there are no refunds or exchanges for missed class/workshops.

## Withdrawals and refunds:

\*Students who withdraw two weeks or more prior to the first day of class/workshop will receive a full refund minus a \$25.00 drop fee and a \$15.00 processing fee.

\*Students who withdraw fewer than two weeks prior to a class/workshops will not receive a refund.

**Missed Classes** – There are no discounts or refunds for missed class/workshops.

**Class Cancellation:** If class/workshop has to be canceled, CJ Rider will contact students in affected class/workshop and offer refund or placement in an additional class/workshop.

## SAFETY:

This is a molten pigmented beeswax project.

Please bring whatever you need to protect your skin, clothing, etc., from pigment stains.

And be careful- tools and materials will reach temperatures around 200 degrees.
